Esmael Torres and Jack O'Neill

---

We would like to thank  
O'Neill sea odyssey for teaching  
us about the ocean and the sea  
animals who live in it.  
Last but not least, we are  
really excited to go on  
the boat some of us have  
never been on a boat before  
we thank you for giving  
us opportunity to explore

---

the ocean, as  
people say is our back  
yard.
