*O'Neill Sea Odyssey (OSO)* engages 4th - 6th grade youth with an education program in navigation, sailing, conservation, and marine science on a 65-foot catamaran sailing Monterey Bay, and in a shore-side education center. The program is free, and each group completes a community service project to participate.

*Our mission is to provide a hands-on educational experience to encourage the protection and preservation of our living sea and communities.* [www.oneillseaodyssey.org](http://www.oneillseaodyssey.org).
